## WHAT OUR CUSTOMER THINKS

*I have heard great things about the Turkish coast but this trip was beyond my expectations! Every place we went to was amazing and so beautiful. But above all the crew made it all. From Captain (amazing) to Emir (fantastic!) to Elena, to the chef (so good and so gracious), this was one of the most memorable trips I have ever done (I did a lot!). Thank you. Thank you!*

**M.M - CA**

*To Our Crew, Last year you set a great precedent, a high quality cruise on the Turkish coast, great food, great atmosphere. So good too, that we have decided to come back this year to enjoy a longer time with all of you.*

**F. M - Belgium**

*Very sad to be disembarking. A perfect 10 days - would that life was always as tranquil and beautiful. This was the trip of my life- and I have travelled widely! The crew really made it feel like we were very special from the moment we arrived on board! Rarely does something exceed expectations: the places we visited, the weather, the food, the hospitality, Many Thanks.*

**A.C - UK**

*Dear Crew, It was a wonderful experience being your guests for a week. You, captain and all crew very friendly and helpful. Of course your ship and the weather were excellent but, without your style and service, it would not have been so enjoyable. I think my wife an excellent birthday party ever which she will never forget. We will always remember the food and table decorations.*

**D.S - Russia**

*Thank you so much for an amazing week aboard Regina. You made each day surpass the last with your enthusiasm and attentiveness. I do not think anyone will forget bringing champagne to the top of Santorini for sunset, a tradition we are sure others will follow. Emir and Billy's dancing, homemade lemonade, fish cooked in salt, and the daily array of cheeses were all highlights as well. We will never forget our time aboard Regina.*
